

SCHOOL-COLLEGE-WORK INITIATIVE / DUAL CREDITS

Ontario Youth Apprenticeship Program (OYAP) - Level 1 Programs MLITSD In-Class Training Funding Confirmation Form

School-College-Work Initiative (SCWI) / Dual Credit programs are programs approved by the Ministry of Education that allow students, while they are still in secondary school, to take post-secondary courses that count towards both their Ontario Secondary School Diploma (OSSD) and a postsecondary certificate, diploma, or degree, or a Certificate of Apprenticeship. Regional Planning Teams (RPTs) may submit proposals for Level 1 apprenticeship In-Class Training; however, OYAP students **must have Registered Training Agreements (RTAs)** to be eligible for Ministry of Labour, Immigration, Training and Skills Development (MLITSD) In-Class Training funding. For more information, please visit www.scwi.ca or <http://www.edu.gov.on.ca/morestudentsuccess/dualCredit.html> .

INSTRUCTIONS TO REGIONAL PLANNING TEAM (RPT): Contact the local MLITSD office to request In-Class Training funding. Complete the information in the table on the second page of this document, print the descriptions of the relevant programs from the Ministry of Education's Enhanced Data Collection Solution (EDCS) and attach to this form, and forward them to the local MLITSD office. Once the MLITSD office has signed this form, submit it by email to David Armstrong at davidarmstrong@ontariodirectors.ca. Please note that programs will not be approved without a completed and signed form. For more information on which SCWI Level 1 program delivery approaches entail MLITSD In-Class Training funding, see *Level 1 Apprenticeship Training Options* at <http://scwi.ca/scwi/guidelines.php>

INSTRUCTIONS TO MLITSD FIELD OFFICE: Approval decisions should be based on data which can be shared through the RPT SMART Goal Report and EOIS-APPR. Please have a discussion with RPT representative(s) that focuses on approved vs actual student numbers, retention and success in the requested Level 1 program(s). In 2020-21 and 2019-20 many Level 1 dual credits were cancelled. You may want to discuss 2018-19 data where more recent data is not available. Where previous year's results are a concern, the discussion may also include how strategies were implemented to better select and support students AND/OR reducing the approved numbers of students in the Level 1 program. If In-Class Training funding is approved, please complete the last two columns of the table – Number of Seats Funded and Total In-Class Training Funding Amount. If In-Class Training funding is not approved, please provide an explanation below. For more information about SCWI OYAP Level 1, please refer to *Pathways to Apprenticeship: Options for Secondary School Students* on the ETD Intranet or contact your regional OYAP lead.
