

School College Work Initiative (SCWI)
 * managed by CODE
 * funded by EDU and MAESD (\$36M)
 * administered by 16 RPTs which are comprised of board and college partners
 * annual RFP and approvals process

School Within a College (SWAC)
 # SWAC programs: 78
 # SWAC students: 2,881
 "A made in Ontario model"

"This program has changed my life."

"I was nervous about going to college and I wasn't sure that I would go but the experience with this college made me see that there is nothing to worry about and nothing to be scared of but something to look forward to and to also be excited about."

Students say this about their dual credit experiences

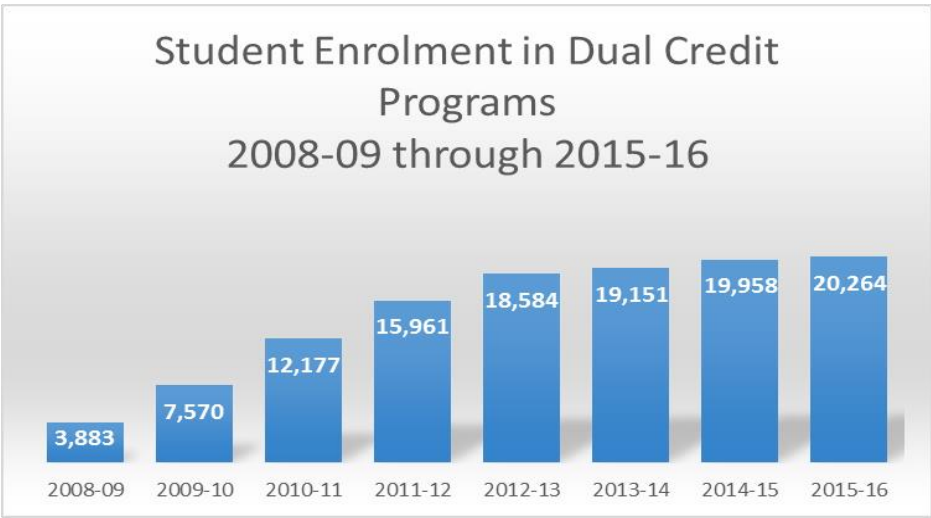

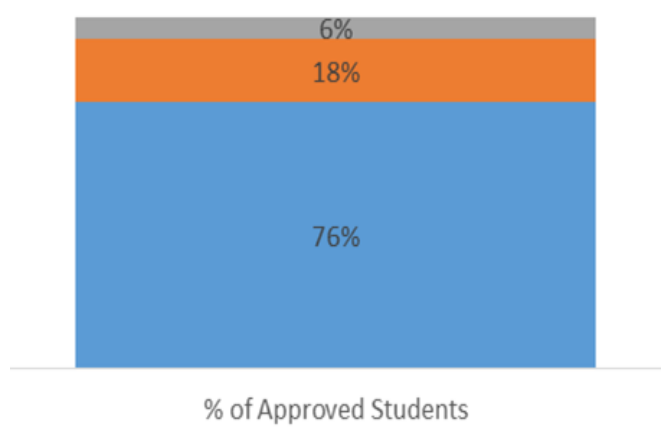

The Dual Credit Program is governed by Ministry of Education policy

- students can count up to 4 optional credits towards their Ontario Secondary School Diploma (OSSD) if they are successful in Ministry-approved dual credit programs
- if successful, credits also count towards post-secondary credentials (college diplomas, certificates, Level 1 apprenticeship programs)
- every student has a dual credit teacher
- participants are selected based on criteria set out in policy

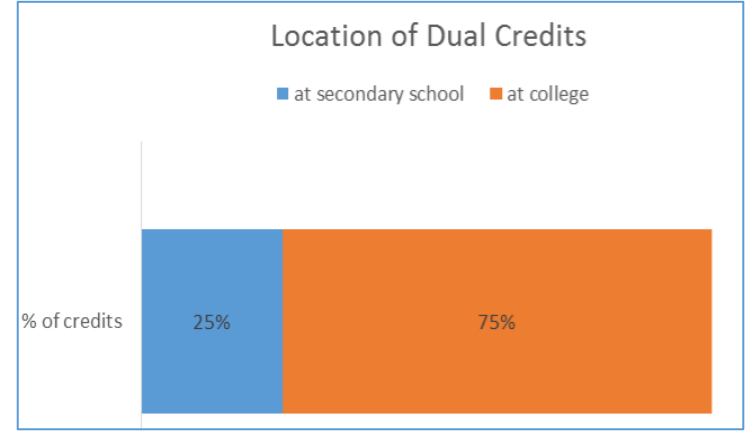

Programs by Delivery Approach
 ■ College-delivered College Course ■ Team-taught ■ Level 1 Apprenticeship

Purpose of Dual Credits, to help students:

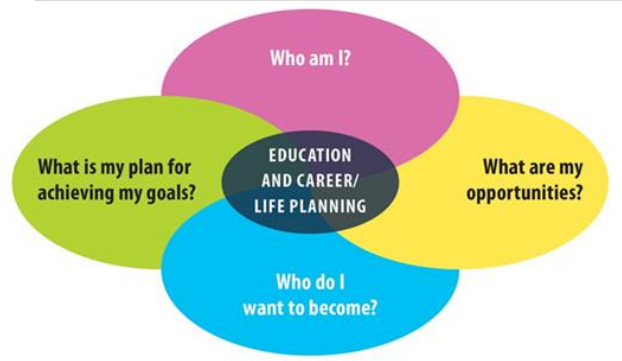

- earn their Ontario Secondary School Diploma (OSSD)
- make a successful transition to college or an apprenticeship

89%
 Students who started and finished their dual credit

Students who finished their dual credit and earned the credit

Students who earned a mark of 70% or more in their dual credit. **64%**

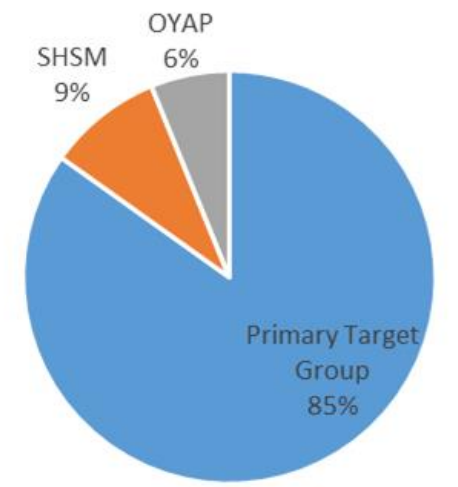

- 75% of students identified as being in primary target group (disengaged and underachieving with potential to succeed)
- 29% of students have an Individual Education Plan (IEP)
- 10% of students were early school leavers

91%
8,906
 Dual credit students had earned their Ontario Secondary School Diploma by the end of the year they took their dual credit.

4,377
 Number of 2013-14 dual credit students who applied to college the year after they took their dual credit.
2,721
 Number who registered
62%
 Conversion rate – those who applied to and subsequently registered in college
